

## Conclusions From User Evaluation

### Create Project Page

1. Is the page easy to understand as a whole and do you understand each input field?

100% Yes

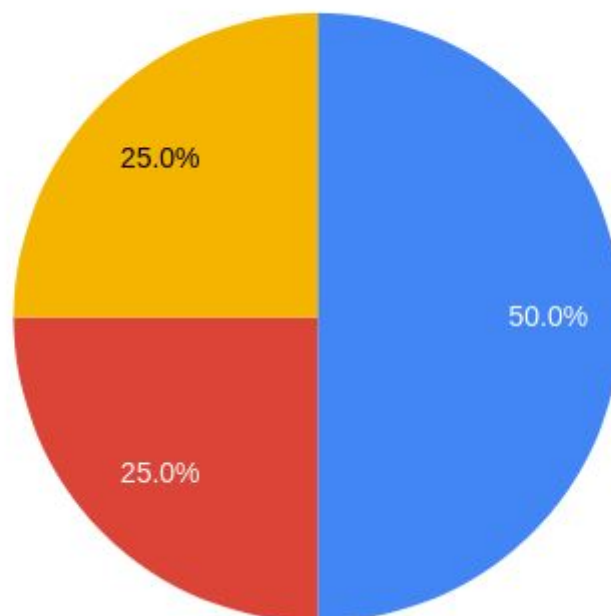

2. Do you find the design visually appealing (colours, layout, images)?

100% Yes

3. Are there any other programming languages you would use and like to see supported?

#### Other Programming Languages?

- Lua
- Scratch
- No

4. Any other comments or additional feedback (any positive or negative feedback is welcome, the more the better!)

Idea was great!

## **Project Information Page**

1. Is the page easy to understand as a whole?

100% Yes

2. Do you find the design visually appealing (colours, layout, images)?

75% Yes

**The colours are a bit dark**

3. Do you think there's any additional information that should be added to this page?

50% No

**I think there should be a link to the creator of the project so people can contact the creator and ask questions about the project**

**Counter of people who have played your project**

4. Any other comments or additional feedback (any positive or negative feedback is welcome, the more the better!)

**Maybe add a bit more colour so that you can draw people in**

**Comments for bugs**

## **Running Project Page**

1. Do you find the design visually appealing (colours, layout)?

75% Yes/Great

25% No

2. Do you think there's any additional information that should be added to this page?

100% No

3. Any other comments or additional feedback (any positive or negative feedback is welcome, the more the better!)

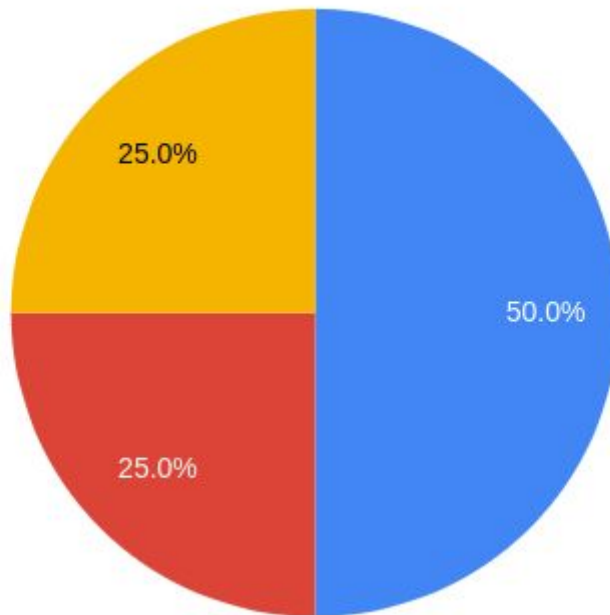

100% No

## Project List

1. Are there any other project categories you would like to see listed here, if so which ones?

### Additional Categories?

- Favourites
- Genres
- No

2. Do you find the design visually appealing (colours, layout, images)?

75% Yes

25% ?

3. Do you think the search box should be included on this page, given that there is a search bar already at the top of the site for general searching? To clarify, the search box on the page is just for projects.

100% Yes

4. Any other comments or additional feedback (any positive or negative feedback is welcome, the more the better!)

**Add more genres**

Love the project! Good luck!
